"42nd STREET"

New Star Arrives In "42nd Street" Show At Milam Theater

This picture opens at the Milam Theater Sunday, April 23 and runs through to Tuesday night.

For, in addition to everything else, "42nd Street" brings you the thrill of watching a new star make her appearance on the celluloid horizon. Ruby Keeler talented wife of Al Jolson is the new star's name—the sparkling, eager little sprite who plays the role of Peggy—and if it's the first time you have heard her name it won't be the last.

This young lady is on her way to the heights of motion picture fame. In calling "42nd Street" a triumph for Ruby Keeler, we are not detracting from the glory that belongs to the other brilliant members of one of the biggest and finest casts ever assembled for a motion picture of any description.

Royal P. Jeter was born at Bryan, Texas March 1, 1877, moved to Cameron with his late father, Wm. M. Jeter when he established the Jeter Lumber Company May 1, 1893. GREEN & BOEDEKER IN EASTER FOOD SALE

An Easter Food Sale combining a celebration with lowered prices and a display of Easter Flowers, Green & Boedeker, have an announcement today of interest to every home in this section.

They are Leland Green, Jr. and Herman Boedeker, Jr.

The store occupies a space of some 50 by 100 feet, formerly occupied by the Sustek Cash Grocery in Santa Fe Town. Cheeves Brothers In Annual Spring Sale

Cheeves Brothers this week announce their annual spring and Easter Sale in a showing of spring and summer merchandise.

Mr. McIntosh has issued a message of economy to the people which will be found in this issue of the Herald. He is giving customers of Cheeves Brothers and the public at large a "new deal" in merchandising due to the advantage had in purchases made for the spring and summer.

Nagging Pains

are WARNING SIGNALS

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay.

Take Cardui to build up against the nagging symptoms of ordinary womanly ailments. It has been in use for over 50 years. So many women praise CARDUI, it must be good to have the widespread use that it has today. Sold at drug stores.

Potato Hint

Do you always think it's necessary in order to fry left-over potatoes that you have to cut them up? I did for a long while. But occasionally and for a change, I like to put my left over potatoes in a frying pan and press the potatoes down several times with a wire potato masher. This softens them sufficiently and I fry and season them the same as I would cold potatoes.

The Road To Better Health

TO THE BOYS

By WILLIAM J. SCHOLES

Here's to our boys—the men of tomorrow! And here's to the golden opportunities that are their's in this day and age of enlightenment and progress.

Truly it is a great age, and the boys of today can make it greater still if they will. But they've got to fashion their lives after a different pattern than Harold Teen and his too numerous counterparts in real life. Because it takes more than five feet eight inches, a yellow slicker and a cigarette to make a man. It takes brains and brawn, and the "cake eater" has neither and will never have either.

What this country needs as much as anything today is a return of the virile principles of our forefathers.

The present generation of men has done a vast amount of work to take a lot of the hazards and handicaps out of life for the "young idea." Particularly has this been true along the lines of health. Diseases that took an enormous toll of life twenty years ago have been all but eradicated. Education along the lines of right living has reached a point where no one needs to remain in ignorance of those principles whose observance makes for a fuller and happier life. Most of the labor so expended has been done in behalf of our children.

It goes without saying that our boys must co-operate in the building up of the rising generation, for they are its very warp and woof. How can they do this? By taking an interest in their own physical well-being. By leading orderly lives. By avoiding all vicious habits. By eating properly, exercising sufficiently, and balancing work and play intelligently.

The boys of today are the men of tomorrow. What this nation will be twenty years hence rests with them. Are the years ahead to mark an era of decadence, or an epoch of progress? Are they to see this country slip back into fifth place among the powers of the earth, or forge ahead to greater security in the position as the foremost nation on the globe? The answer rests with the boys of today.

IMPORTANT

TO TAX PAYERS

In compliance with the provisions of the homestead exemption amendment to the Constitution of Texas, voted in the last general election, three thousand dollars of the assessed valuation of all residence homesteads, as now defined by law, will be exempt from all taxation for state purposes, effective this year.

In order, however, to have your home so exempted it will be necessary to render it. This should be done before April 30th as on that date, time for taking assessments expires.

There is one other outstanding advantage in making a tax rendition this year. Another amendment adopted in the last general election restricts all voting in bond elections, and other elections that have to do with the expenditure of public funds, to persons who have rendered property for taxation. Unless you render some such property, you are henceforth disfranchised as a voter in such elections.

If the above is taken into consideration and acted upon, it will obviate misunderstandings and mistakes in voting and in paying your taxes.

Yours respectfully,

H. B. McCLELLEN

Tax Assessor, Milam County.

JETER

(Continued from page 1)

A. O. N. M. S. at Waco, Texas. He was vice president of the Lumberman's Association of Texas, and was to have presided over the convention Wednesday morning, April 12, which is being held in Corpus Christi this week.

Mr. Jeter attended the Episcopal church, and had been active in civic and political activities, but had never asked for any political office. He was a man of splendid traits of character, possessed a genial happy nature and had made many friends from all walks of life; was firm in his convictions and upheld all good movements; was a man who regarded his word and honor as his bond. His home was the scene of scores of happy occasions where true Southern hospitality was the chief delight of he and his wife. There was no charitable movement in Cameron but Mr. Jeter was found a loyal supporter and gave freely of his means and presence.

The funeral was held at his home Sunday afternoon at 4:30 o'clock by Rev. J. P. Love, rector of the Episcopal church, Cameron, when a large circle of friends gathered to pay their last sad rites. At the completion of home services the Masons took charge of the remains and the services at Oak Hill cemetery was conducted by District Judge Graham Gillis. The body was laid to rest amid a bower of beautiful floral offerings coming from relatives and friends, many from places afar.

Deceased is survived by his wife and sons, Royal P. Jeter, Jr., and John Jeter, his stepmother, Mrs. William M. Jeter, of Cameron, six sisters, Mrs. A. C. Sparr of Arizona, Mrs. Alpha Eastland of Mineral Wells, Mrs. Walter Newton, Misses Beth, Lillie Mag and Mable Jeter of Cameron; three brothers, L. L. Jeter of Lone Wolf, Okla., Jeff Jeter of Marysville, Kans., and Tom Jeter of Cameron.

Pall bearers were: Oxsheer Smith, Stanley Swift, Judge John Watson, E. O. Schiller, J. L. Barmore and Raymond Sharpe.

Out of town friends to attend the funeral from Waco were: Mr. and Mrs. E. R. Nash and brother, Mitchal Nash, Mr. Gregg, Mr. Rose and Mr. McLane of Nash-Robinson Company; Mr. Edgar, representative of the Wm. Cameron & Co.; Messrs. Marsh and Broderick, representative of the Angelina County Lumber Co., at Lufkin, Texas; also friends from Temple, Rosebud, Calvert, Hearne, Rockdale, Milano, Branchville, Maysfield, Buckholts, Burlington, Ben Arnold, Rogers and other nearby towns.

EPISCOPAL CHURCH

Service commemorating the Lord's Supper will be held at 7:45 Thursday evening at the Episcopal church. The Sacrament that has meant so much to all Christian people will be celebrated at this time. Service on Easter morning will be at 9:15.

Raising Wild Deer Now in Place of Cattle

The inclosed picture is of deer released on a San Saba county ranch by the Game Department These, the most sought-for game, are as prolific as the Mexican goat, and if given a chance will soo stock this almost depleted area. Many ranchmen are getting more for hunting rights than they coul get for grazing privileges.

SUNRISE SERVICES ON EASTER MORNING

The Christian young people of Cameron are sponsoring a Union Sunrise Service at 6:30 a. m. Easter Morning at the Park. While sponsored by young people, this is not a young people's meeting, but a meeting for everyone, and young and old of every church are invited and urged to attend.

Young people from the churches will take part in the worship service. Ray Duckworth will lead the song service. There will be a circle prayer by young people from each church represented. A brief talk on "That Other Easter Morning" will be given by Rev. Ed S. Mace.

Sunrise Easter services are always a mountain top experience for Christians and this promises to be unusually inspirational.

BOWELS need watching

Let Dr. Caldwell help whenever your child is feverish or upset; or has caught cold.

His simple prescription will make that bilious, headachy, cross boy or girl comfortable, happy, well in just a few hours. It soon restores the bowels to healthy regularity. It helps "break-up" a cold by keeping the bowels free from all that sickening mucus waste.

You have a famous doctor's word for this laxative. Dr. Caldwell's record of having attended over 3500 births without loss of one mother or baby is believed unique in American medical history.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your drugstore and have it ready. Then you won't have to worry when any member of your family is headachy, bilious, gassy or constipated. Syrup Pepsin is good for all ages. It sweetens the bowels; increases appetite—makes digestion more complete.

Farm Loans

Private Money to Loan at low interest rate on improved farm lands.

"I want my telephone put back, please"

HARDLY a day passes but that some person who gave up his telephone service in recent months orders it restored. In many cases, people feel that it is false economy to be without a telephone . . . that the small cost of the service is repaid many times each month in convenience, in time and actually in money saved.

Some miss the close and personal contact with friends that telephone service makes possible. Others mention the loss of many pleasant, impromptu social "get-togethers" when their friends are unable to reach them by telephone.

It is all true . . . what these customer friends of ours say. Telephone service costs so little and its value is so great that in most instances it really doesn't pay to try to do without it.

If *you* are missing your telephone . . . just get in touch with our business office. We'll send a man out with a telephone in a hurry.

WHY IS EASTER SO IRREGULAR

The apostolic age had scarcely passed before discussions occured and dissensions ensued as to the time of celebrating Easter. It was early held by the great majority of Christian churches that much importance should be attached to the day of Christ's resurrection, and it is easy to understand how the violent controversies were brought about when differences of opinions grew in reference to the time of year when the feast should be observed. The question was brought before the Council of Nice, and finally settled for the whole church by adopting the rule which makes Easter day to be always the first Sunday after the full moon, which happens upon or next after, March 21, and if the full moon happens on Sunday Easter day is the Sunday after; so that by this arrangement, Easter Sunday may come as early as March 22 or as late as April 25.—Edison's Encyclopaedia.

Mrs. Earl Burke and son, accompanied by her aunt, Mrs. Lotta Bigbee, visited her parents, Mr. and Mrs. B. B. Cooley in Marlin Wednesday night, returning Thursday.

Criticises Taxes

Tom Hunter, Wichita Falls lawyer-economist, who was a candidate for Governor last year, claimed that taxes are not justly assessed in an address before the convention of the Texas Cotton Ginners' Assocation in Dallas last week. He said that public utilities, oil combines and other great organized industrial interests have avoided payment of just taxes.

HOUESHOLD HINTS

BY BETTL WEBSTER

Hint on Child Care

When children first learn to toddle around—it is most fascinating to them. They are thrilled with their achievements and have no sense as to direction or distance. A mother likes to have her child enjoy its freedom, but too frequently a busy mother finds her child has disappeared before she knows it.

I find it very successful in caring for a child of this age to tie a bell on its back or arm so that while I am working I can unconsciously know my child is near by the tinkle and when I miss this cherry ring I immediately go in search of my baby.

COOKING HINT

Asparagus and Poached Eggs

Boil asparagus until tender.

Make required number pieces of toast.

Butter toast and keep warm.

Lay toast on platter. Place asparagus on top of toast. Season with butter, salt and pepper. Poach desired number of eggs in the same water you cooked asparagus. Place eggs ontop of asparagus and serve.

Cake Frosting a la California

Stir together powdered sugar and orange juice. Spread on cake. Some ground nuts added to frosting makes it extra delicious.

BAKING HINTS

Date Muffins

1-4 cup of shortening.
2 tablespoons of sugar.
1 egg.
3-4 cup of dates (cut up).
2 cups of flour.
4 teaspoons of baking powder.
1-2 teaspoon of salt.
1 cup of milk.

Method:Cream, butter and sugar until light. Add well beaten egg and mix well with dates. Sift together flour, baking powder and salt. Add to first mixture, alternating with milk. Pour into greased muffin tins and bake in moderate oven 25 to 30 minutes.

Apple Sauce Pie

Method: Make pie crust. Line pie tin with crust and bake. Make apple sauce. Sweeten and strain. When cool fill baked pie shell with strained apple sauce. Make a meringue and bake in a slow oven or serve topped with sweetened whipped cream.

Boy Scouts

TROOP NO. 52

J. A. Lindle, Scoutmaster

Troop No. 52 held their regular meeting Friday night, April 7, with an attendance of 34, which included the scoutmaster, the assistant, two troop committeemen, 22 registered scouts and 8 visitors.

The meeting was opened with a song which was a novelty number accompanied by the harmonica trio composed of the assistant scoutmaster, Louis Michalka, the song leader, Paul Michalka and the publicity director, George Matocha. The number was very much enjoyed by the listeners.

Soft Ball Team

At the business meeting the question of "soft ball" was brought up and it was decided that Troop 52 would enter a team in the City's "soft ball" league. The team will be composed mostly of the older boys, troop leaders and troop committee. The boys will receive preference where possible. At the patrol meeting it was found that practically all of the boys would re-register for the sixth year of the troop. Our scoutmaster gave an interesting talk on "The Benefits of Scouting." After a few hotly contested games the meeting was closed with the pledge of allegiance to the flag.

Baseball

The troop's baseball team again met the Marlow boys on the Sand Lot diamond at Saint Monica church ground Sunday afternoon and went down in defeat with a score of six to two. The boys put up a thrilling struggle, but errors were costly.

The boys are doing their troop good turn to the church and the Parish by cleaning the cemetery at St. Monica.

Next Friday being Good Friday, there will be no meeting held by Troop 52.

MARLOW WINS

Cameron, Sunday, April 9.—Jack Hobson fanned ten Troop 52 batters and scored two runs to help his team defeat Trop 52 by a score of 6 to 2. This was the second game between the two teams this year, Marlow having won the first 12 to 2. This game leaves them tied up, as Troop 52 beat Marlow twice last year.

Ted Matula of Troop 52 hit a tripple which was followed by a walk and a single by Paul Michalka, scoring their only runs. For Marlow Jewel Mullinax knocked in five runs.

The fielding event of the day was captured by Frankie Ermis who made a beautiful running catch of Hardwick's fly over third base. Odis McDonald of Marlow deserves credit for snatching many balls from the sand around first base.

DEMONSTRATION CLUBS BACK TEXAS SCHOOLS

Cameron, Texas, April 10, 1933.

Whereas, by means of the State schools and colleges say they can be leading citizens, though poor, have been able to secure an education; and

Whereas, the heads of the said schools and colleges say the can be run effectively with a 25 per cent cut in funds; and

Whereas, a 41 per cent cut in funds would greatly maim or completely wipe out these schools; and

Whereas, we believe that our senators and representatives will see the necessity for prompt, stubborn action and do that which they know to be fair and just; therefore

Be it resolved, by the Milam County Council of Home Demonstartion Clubs in called meeting assembled, that we will stand by our state schools and colleges and urge them to continue their great work; and

Be it resolved, that we believe the schools can operate efficiently with only a 25 per cent cut in funds; and

That a copy of these Resolutions appear in each of the county papers, one copy to be sent to the State President of Home Demonstration Councils, and also one sent to each of our Representatives and Senators..

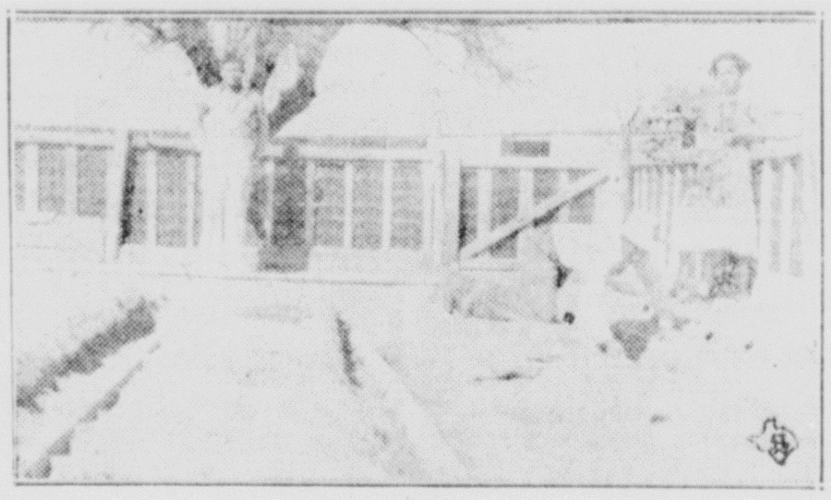
Thrifty Woman Shows How to Live at Home



The sheriff's wife at Fort Stockton, Mrs. W. P. Rooney, has achieved her dream of a garden with the help of her son and the home demonstration agent. A sub-irrigation system 270 feet long of home-made concrete tile has been installed, and a wind break fence constructed out of old auto license plates. A pump operated by gasoline engine sends the water through a concrete trough into the sub-irrigation lines. From this garden of 50x60 feet Mrs. Rooney expects to supply her family of eight with all the fresh vegetables they can eat.

Black-Draught is made of approved laxative plants, firmly ground so you take the medicine into your system just as naturally as you get nourishment from the food you eat.

Refreshing relief from constipation troubles for only a cent or less a dose—that's why thousands of men and women prefer Thedford's Black-Draught.

Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women:

"I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day.

"My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."

Cardui, the purely vegetable medicine which so many women take and recommend, is sold by local druggists.

SPEED!

Time counts when you're in pain! Insist on genuine Bayer Aspirin, not only for its safety but for its *speed*.

The tablet that is stamped Bayer dissolves *at once*. It is many minutes faster than remedies that are offered in its stead.

If you saw Bayer Aspirin made, you would know why it has such uniform, dependable action. If you have ever timed it, you know that the tablet stamped Bayer dissolves and gets to work before a slower tablet has any effect.

Stick to genuine Bayer Aspirin. You know what you are taking. You know it is harmless; nothing in it to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is always the tablet stamped—

DEMONSTRATION CLUBS BACK TEXAS SCHOOLS

Cameron, Texas, April 10, 1933.

Whereas, by means of the State schools and colleges say they can be leading citizens, though poor, have been able to secure an education; and

Whereas, the heads of the said schools and colleges say the can be run effectively with a 25 per cent cut in funds; and

Whereas, a 41 per cent cut in funds would greatly maim or completely wipe out these schools; and

Whereas, we believe that our senators and representatives will see the necessity for prompt, stubborn action and do that which they know to be fair and just; therefore

Be it resolved, by the Milam County Council of Home Demonstartion Clubs in called meeting assembled, that we will stand by our state schools and colleges and urge them to continue their great work; and

Be it resolved, that we believe the schools can operate efficiently with only a 25 per cent cut in funds; and

That a copy of these Resolutions appear in each of the county papers, one copy to be sent to the State President of Home Demonstration Councils, and also one sent to each of our Representatives and Senators..

MILAM THEATRE

CHRISTIAN CHURCH

The subject for the Easter morning sermon at the Christian church will be "The Living Christ." Sunday evening the choir will give the beautiful cantata "Eternal Life" under the direction of Mrs. B. P. Hurdle.

This week especially on Easter Sunday our minds are turning to the event which gave to mankind the promise of eternal life. Everyone who shares the hope of this promise will find himself on the Sunday of all Sundays worshipping and communing with his church. If you have no other church to which you feel your allegiance, we most heartedly invite you to have fellowship with us, as we commemorate the Risen and Living Christ. Go to church Sunday!

Mrs. James Neinast and daughter, Miss Bonnell, accompanied by Misses Lois and Ruby Robbins and Dinks Baskin spent Friday and Saturday in Austin. Miss Bonnell attended the Breckenridge Hall dance Friday evening. Misses Robbins attended the Tri-Delta State Meeting held in Austin Saturday.

MANY NEW FEATURES IN TEXAS ALMANAC

Many new features are contained in the Texas Almanac and State Industrial Guide for 1933, which has just been issued by the Dallas News. There are more than 1,000 articles, statistical tables, illustrations and maps answering between 50,000 and 100,000 questions about Texas. Every phase of Texas' economic, political and civic development is covered, including farming and live stock, manufacturing, whole sale & retail trade, population, railroads, aviation, highways and automobiles, motor transportation, inland waterways, minerals and mining, government and names of State, district and county officials, education, conservation and numerous other subjects.

A large folded sheet between the leaves of the volume carries political and railroad map on one side and highway map on the other. These maps were made especially for the Texas Almanac and are up to date and accurate. As one runs through the leaves of the volume one comes across such interesting miscellaneous articles as Historic Landmarks of Texas, Archeological Research in Texas, Noteworthy Texas Caves, the Program for State Parks, Health Resorts and Places of Recreation, Arts and Artists, Libraries, Old Cattle Trails, Boundary Disputes, Kinds of Salt and Fresh Water Fish found in Texas, Home Canning and Farm Terracing and Home Tenantry.

If one wishes to know where the principal lakes of Texas are found, how to fly the Texas flag, the depth of the deepest oil well, the amount of oil and gas in Texas reserves, where the McDonald Observatory is to be built, how much is collected from gasoline tax or the amount of the pay roll of Texas railroads, he will find it in the Texas Almanac.

While many new articles have been included, the chapters of information that have become standard in the Texas Almanac are retained, completely revised and enlarged. There are more than 7,000 names of individuals in the book. Especial attention is given to historical features, particularly those of importance in connection with the tentative plans for a centennial celebration. The volume this year lives fully up to its reputation of being the "Encyclopedia of Texas." Incidentally, a review of its contents reveals a marvelous amount of development in the Lone Star State, even during the last few years of business stagnation.

Price, 50c at news stands, 60c by mail.

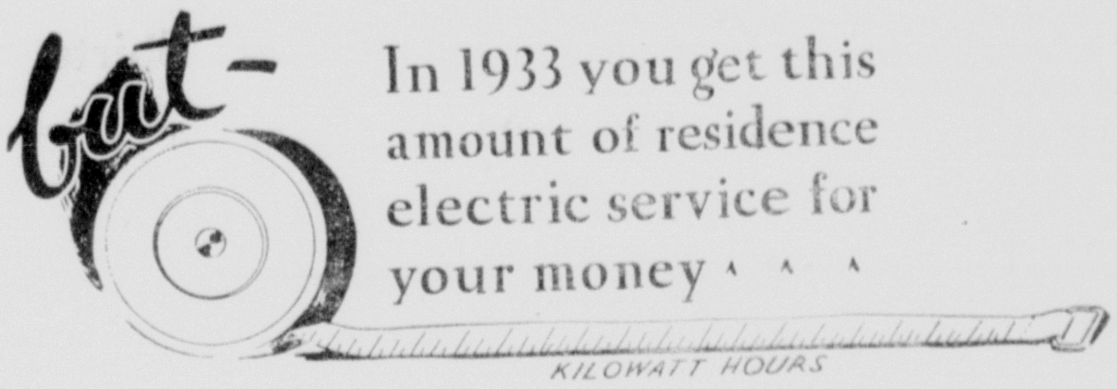
In 1928 you got this amount of residence electric service for your money . . .

but—



In 1933 you get this amount of residence electric service for your money . . .

Here is one way to tell the story of how the cost of home electric service has been reduced. Today the average residential customer in Cameron buys 33 per cent more electricity than in 1928 and 68 per cent more than in 1925 for the same amount of money.

Electric service rates have LED the downward march in the cost of living. Practically all other items in the cost of operating a home have seen high levels since the last "low price" period of 1914, but the cost of electric service has been consistently reduced.

. Electric rates are not only LOWER today than ever before, but the present low rate schedule permits the use of electrical appliances to lessen the task of housekeeping ... bring comfort in summer and winter to all members of the family and to furnish entertainment and joy from the "early bird" program until the radio announcer says good-night at midnight.

Only a short time ago electricity was used principally for . .
